Momentive Solutions

Siloxane Masterbatches

PEARLENE TM MASTERBATCHES

MOMENTIVE SOLUTIONS

Ultrahigh Molecular Weight Siloxane Containing Masterbatches in PE, PP or in Polycarbonate Polymers

KEY FEATURES

- Uniform Free Flowing Pellets
- Standard or Micro-Granulates
- Essentially Odorless
- Low Dosing

TYPICAL BENEFITS

- Cost Effective Flame Retardancy in Various Applications
- Improved Mechanical Properties When Used in Highly Filled Compounds
- Improved Processability

PEARLENE TM MASTERBATCHES

PRODUCT RANGE

SIPP MB-01

- PP Carrier
- Homopolymer

SiPP MB-02

- PP Carrier
- Copolymer

SIPP MB05

- PP Carrier
- Homopolymer

SIPE MB-01

- PE Carrier
- Low Density

SIPE MB-02

- PE Carrier
- High Density

SIPC MB-01

PC Carrier

SIPET MB-01

In Development

POTENTIAL SOLUTIONS

WIRE & CABLE

- Medium and Low voltage cables
- FR Synergist
- Processing aid
- Surface Finish

Potential Products

PEarlene SiPE MB01
PEarlene SiPE MB02

DEculose CIDE MADO1

Sheet applications

BUILDING & CONSTRUCTION

- FR and smoke suppressant
- Surface finish

Potential Products

PEarlene SiPE MB01
PEarlene SiPP MB02

ELECTRICAL & ELECTRONICS

- FR synergist in PC, PC/PBT, PC/ABS Blends
- Smoke suppressant
- Bonding additive

Potential Products

PEarlene SiPC MB01

MASTERBATCH & COMPOUNDS

- FR synergist
- Filler dispersants
- Processing aid

Potential Products

PEarlene SiPE
PEarlene SiPP
PEarlene SiPC
